NC govt should work for restoration of temples, temple properties in Kashmir

JAMMU BULLETIN NEWS
JAMMU, JAN 25:

The National Conference government should work for the restoration of temples, and the temple properties in Kashmir to ensure the safe and dignified return of Kashmiri Hindu community to Kashmir, said Sunil Sethi. J&K BJP Chief Spokesperson Adv Sunil Sethi accompanied by spokespersons Dr. Tahir Choudhary & Balbir Ram Rattan and Media Secretary Dr. Pardeep Mahotra was addressing media persons in a press conference at party headquarters, Trikuta Nagar, Jammu.

While the NC has repeatedly asked for the return of Kashmiri Hindus to the Kashmir in the past, and also during the Assembly elections, it has not yet made any effort to prove its statements, said Sunil Sethi, while addressing the media persons. Sunil Sethi said that since the inception of terrorism in Kashmir, the Hindu temples were destroyed, and the properties were occupied by some people. The properties related to these places were either sold out or their

rights were given to other persons in the names of lease etc. due to the fear and distress involved.

The Hindu community will not feel a safe environment to return until those sacred places are cleared and a cordial environment is created, so that a sense of safety and brotherhood prevails in the Kashmiri Hindu community. BJP believes that more than 3 months have passed after the formation of NC government in Jammu & Kashmir, but till now no concrete measures have been taken by the NC government to ensure the safe and dignified return of Kashmiri Hindus to Kashmir.

"BJP suggests to the NC government to form a high-level committee, which should preferably be a All-party committee or Chief Secretary level official committee. The committee should collect the comprehensive details forming a complete list of destroyed/damaged temples due to the terrorist activities, second list should be of properties of temples with illegal occupancy and third list should consist of the details

of properties associated with temples who were given, sold, or leased in fear or distress. The NC government should take decisive action on these 3 lists to prove their will for the safe return of Kashmiri Hindus to valley. NC government should work to have a Kashmir with multi religious vibrant society instead of limiting itself to the political statements.

Sunil Sethi also lambasted all those parties who are politicizing the organization of Tiranga Yatra events. He batted for the maximum participation of people, youth, and the students in the Tiranga Yatra. He said that the political parties with narrow mindset never respected Tiranga and those parties also threatened that no one would be there to hoist Tiranga. But the massive participation in Tiranga Yatra on every occasion has proved the love and respect of people for the Tiranga. He added that the participation of youth and children in Yatra ensures inculcation of patriotism in them. BJP believes in the maximum participation of all the sections of society in the Tiranga Yatra, said Sunil Sethi.
